## OUR TEAM OF EXPERTS

Espiritu is an industrial design and product development firm dedicated to developing products that enhance life experiences.

Established in 2007, our international award winning firm has developed and commercialized products from prosthetic feet to trekking poles. Our experience spans numerous industries such as consumer electronics, medical devices, and outdoor equipment.

We are proud to collaborate with a diverse range of clients from the largest international corporations to first time entrepreneurs that require an innovative and comprehensive approach to research, design, and functionality.

From research to implementation, we collaborate with our clients to bring the product idea to fruition.

Espiritu is a partner for providing international award winning product design and engineering. We invite you to contact us for further information about how we can support your product development objectives and together, create lasting impact.
